persons, etc, from all infinite time and space, because they got rid of lies, wars, misunderstandings, trillions of alphabets, languages, policies, religions, books, movies, etc, etc, because they have one language, policy, religion, truth, eternity, etc, because they are united, equal, honest, understanding, holy, serious, eternal, useful, free, workers, etc, because they are no longer misinformed, deadly, harmful, warlike, etc, etc. ----- I intercept and decrypt a lot of time, the radiations, rays, etc, emanating by the creator of the existence, truth, peace, justice, eternity, etc, and I don't have much free time left, to analyze politicians, singers, magicians, gods, athletes, actors, movies, stories, etc, from infinite time and space. It would have been very good, beautiful, healthy, etc, if the creator of the existence had dedicated to each god, person, creature, etc, from infinite past present future space, and would have communicated about him, at least an hour with each one. It is very problematic, because the creator of the existence communicated about him, only with me, and only here, for decades. Because of these situations, I often can't believe that I am communicating with the creator of the existence through rays, radiation, telepathy, telekinesis, etc. My soul. At least one brain from infinite past present future space has received evidence, explanations, codes, etc, directly from the creator of the existence, about him. I feel sorry for the gods, persons, etc, from infinite past present future space, who sought signs, demonstrations, and explanations about the creator of the existence, directly from the creator of the existence, and did not receive. Other signs, demonstrations, and explanations about the creator of the existence, you can no longer find in all the infinite past present future space. What we have is good, sufficient, useful, necessary, real, true, etc, for any god, person, creature, etc. There is not nor a gods, scientists, magicians, angels, devils, sciences, instruments, technologies, workers, etc, in all infinity past present future space, that can repeat, clone, explain, etc, the video codes 26662 Eternal Order 24999 etc. I hope it will not be an apocalypse as announced by the creator of the existence, in several video codes, for several years. My brain cannot intercept through telepathy, etc, the thoughts of my relatives and acquaintances around me, living or dead, nor the thoughts of other persons and creatures, living or dead, from infinite space, who know other languages. My soul can communicate with them, but it doesn't communicate it to me. Don't let me waste my time with trifles. The creator of the existence exists, even if I am the only one in the infinite past present future space, who has received evidence of his existence. The creator of the existence communicates his existence only with me. He does not want to communicate about his existence, with other creatures, gods, persons, etc, but he used them to decrypt and receive all the sciences, etc, for to reach the video camera 26662 24999 Eternal Order, etc. He could have hidden himself, all the infinite past present future space, but he didn't want to. He felt the duty and obligation to save us from death, hells, wars, lies, misunderstanding, robberies, apocalypse, etc. The creator of the existence presented his problems and needs, and at all the gods, persons, creatures, etc from all infinite past present future space, and when, and how, he will solve them. I think it will be the apocalypse. The creator of the existence frees himself from scandals, wars, chaos, problems, etc.

The creator of the existence takes back his tranquility, peace, needs, respect, etc.
----- I lived trillions of years in the infinite past space, more than existence, I will live trillions of years in the future infinity space, more than existence. It is impossible to explain how I created existence, and how I lived, and how I will live, without existence. My soul has trillions of years of information and memories. I don't have access to all this information, but I can imagine. ----- The radiations and explanations of the creator of existence. <https://www.lulu.com/it/shop/anton-cristian-talin/lessons-of-peace-understanding-justice-respect-love-eternity-intelligence-unity-equality-order-protection-magic-telepathy-telekinesys-paranormal-etc-for-all-the-gods-persons-politicians-judges-priests-scientists-magicians-doctors-etc-from-all-infinite/ebook/product-yv5gmmm.html?page=1&pageSize=4>
